PROFILE

Fifth-year Computer Engineering student specializing in Data Science and Artificial Intelligence at EMSI Casablanca. With experience in data analysis and BI reporting from my internship at Attijariwafa Bank (Power BI dashboard design, star-schema modeling, DAX, and SQL), I am seeking a PFE internship in Data Analytics or IT Reporting. Rigorous, autonomous, and comfortable working with structured data, I aim to improve the visibility and quality of analysis within a data team.

PROFESSIONAL EXPERIENCE

Business Intelligence Intern ■ Attijariwafa Bank, Casablanca • Jul. 2026 – Aug. 2026 | 2 months

Project: Audit Recommendations Tracking Dashboard (TDB Audit Global) — Power BI

- Analyzed project specifications to formalize requirements: 10+ KPIs, data model structure, dimension/fact tables, and data sources
- Loaded, cleaned, and structured 3 datasets (10,000+ records) in Power BI, applying filtering and transformations to ensure data quality
- Designed a star-schema data model by identifying and linking dimension tables to a central fact table
- Developed 15+ DAX measures to calculate audit tracking KPIs, enabling automated monthly reporting for management

Tools: Power BI, DAX, SQL, Excel

Full Stack Developer Intern ■ xHub, Casablanca Technopark (Remote) • Jul. 2025 | 1 month

Project: X-Bank Digital Platform — full-stack banking application

- Developed 8+ RESTful APIs with Spring Boot for announcements, file uploads, JWT authentication, and client profiles
- Designed React/TypeScript interfaces for an admin dashboard, analytics module, and user management
- Modeled the PostgreSQL schema and managed migrations throughout the project

Tools: Spring Boot, React, TypeScript, Java, PostgreSQL, JWT, Tailwind CSS
